

Friends information

Friends is a feature to create social interaction in the IQNITER App. Also, friends are required to use competitive features such as Battle.

You can 'Invite Friends' to use the IQNITER App, and you can 'Add Friend' if the person is already a registered user on www.myiqniter.com.

To invite a friend to use the IQNITER App, perform the following instructions:

1. Go to the 'Friends' pane
2. Select the 'Invite friends' button in the bottom of the screen (1)
3. Select the method you want to use to invite friends (e.g. e-mail, SMS, Messenger, etc.)
4. Send the invitation to your friend

To add a friend in the IQNITER App, perform the following instructions:

1. Go to the 'Friends' pane
2. Select the 'Add Friend' button in the upper right corner of the screen (2)
3. A dialogue box will appear. Enter the e-mail address your friend has used to register on www.myiqniter.com (3)
4. Press the send friend request and wait for your friend to accept
